

## Scholarship Program Awards

At the June General Membership Meeting, Mrs. Nancy Bates of the Shelby Community Foundation, the organization that administers our scholarship program was in attendance to award DSC's second annual Scholarships.

The Shelby Community Foundation handles selection of the students who are awarded scholarships. To assure impartiality no one at DSC is involved in this decision. Applicants turn in two written essays together with letters of recommendation from school officials. Based on this the Foundation's Scholarship Committee makes their decision.

This year we are proud to award scholarships to Lindsay Chenowith, Jarrod Trombley and Gislaine Peters. Ms. Chenowith will be attending Olivet Nazarene University; her interests are in nursing. Mr. Trombley will be attending Grand Valley State University; his interest is in teaching social studies and history. Ms. Peters will be attending Saginaw Valley State University studying nursing.

On behalf of the DSC we wish these fine young people success in their studies and hope these awards assist in the founding of collegiate success and in future careers.
